

Career Technical Education

Accounting Programs

The Ventura Adult and Continuing Education Accounting programs are designed to prepare students for employment in entry-level positions in the accounting field. Students learn accepted standards of accounting procedures and develop necessary computer software skills using Windows and the Internet, the Microsoft Office Suite, and QuickBooks. The accounting programs emphasize the importance of active problem solving, producing quality work, communicating effectively, setting goals, and developing job readiness.

There are two programs available in the accounting career track. These include

- Accounting Clerk
- Computerized Financial Accounting

Students completing the accounting programs are fully prepared to successfully transition into the workforce because the training they receive is hands on and specific to the accounting industry. Professional certification is awarded upon successful completion of the program competencies.

Graduates find employment in a variety of accounting positions, including bookkeeping, billing, payroll, and purchasing department jobs.

CBEDS Code 4600 Accounting

Accounting Clerk

18 weeks (630 hours)

ELEMENTS:

- Accounting 1 and 2
- Business English Basics
- Business Math Applications
- Computer Database Fundamentals
- Computer and Internet Fundamentals
- Computer Spreadsheet/Graphics 1

- Computerized Accounting Simulation

Software: Microsoft programs including Windows, Word, and Excel

EMPLOYMENT OPPORTUNITIES:

Accounting Clerk
Accounts Receivable Clerk
Accounts Payable Clerk
Billing Clerk
Payroll Clerk
Office Assistant

COURSE INFORMATION:

The Accounting Clerk Program provides training for both new and experienced students, giving them the skills they need to gain entry-level employment in a variety of jobs. This training prepares students to provide detailed accounting and administrative support to professional accountants and other financial management personnel.

Students learn how to prepare and input all types of business documents such as customer invoices, vendor bills and purchasing forms. The program covers twelve classes, including two college-level accounting classes, Microsoft Excel, Word, and Access.

Students learn to keep checking account records, post ledgers, code invoices, perform collections, issue checks against purchase orders and merchandise received, verify financial data and business transactions, and prepare, file, and process invoices. Students also learn to use electronic calculators.

EMPLOYMENT OPPORTUNITIES:

- Full-charge Bookkeeper
- Accounting Clerk
- Accounts Receivable Clerk
- Accounts Payable Clerk
- Office Manager
- Billing Clerk
- Payroll Clerk

COURSE INFORMATION:

The Computerized Financial Accounting program prepares students for today's extremely competitive job market by providing each student with a well-rounded accounting skill set. This course includes the skills learned in the Accounting Clerk program, and adds more advanced functions and responsibilities to the basic skills.

Students gain the knowledge needed to become full-charge bookkeepers, including preparing and analyzing financial statements. Students achieve these skills by completing three college-level financial accounting courses, one college-level managerial accounting course that includes cost accounting basics, a payroll accounting course, and then applying this knowledge through numerous projects using both Sage accounting software and QuickBooks, and by completing an extensive payroll simulation which includes quarterly and annual federal and state returns.

Additionally, students complete formal bank reconciliations, make accrual accounting entries, close and reverse entries, prepare nine financial statements, and perform managerial analysis of results.
