E. Conclusions of 2018-19 Safe Schools Assessment

- Areas of Pride and Strength: (Components 1 & 2)
  
  Incidence of graffiti has dropped, and surveys indicate that the vast majority of students and staff feel safe on campus.

  Camera coverage improved, and more staff and devices with access.

- Areas to Change: (Components 1 & 2)

  Parking lot camera coverage could be further improved.

- Analysis of how the data, needs, and perceptions about the school’s safety determined the goals: (EC 32282)

  Incidents and graffiti data confirmed the effectiveness of cameras, and feedback from staff and students shaped goals.

- Generalized statement of goals for 2018-19: (EC 32282)

  Continue efforts to encourage student involvement and responsibility for safety and security of campus and improve door security (remote locking for exterior and ensure all classroom inside locks functional). Improve procedure for dealing with alarm system activation after school hours.

Ventura Unified S.D. Administrative Regulation 5141.4 (b)

Mandated reporters include but are not limited to teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; and administrators, presenters or counselors of a child abuse prevention program. (Penal Code 11165.7)

Reporting Procedures

- Complete Child Abuse reporting form.
- Forward completed Child Abuse Report form within 36 hours.

B. Notification of Dangerous Pupils to Teachers

(Pursuant to Education Code 49079)

C. District Rules and Procedures on School Discipline

(Pursuant to Education Code 35291.5, 48900, et. al)

**Purpose:**
The school rules and procedures were developed and adopted in accordance with California Education Code 35291.5. This documentation represents the collaborative efforts of teachers, parents and other school staff and administration. These rules and procedures are intended as guidelines for enhancing the instructional climate and personal safety.

**Goals:**
We want our students to develop a sense of values and to become:

- Compassionate
- Honest
- Well mannered and courteous

A student’s education is dependent upon a "team" effort involving the student, parent(s) and school personnel. Each member of the team has specific responsibilities which must be met if the educational experience is to have the greatest positive results. Students, parents, and teachers are encouraged to maintain an ongoing dialogue about the standards for personal conduct in relation to life at school. Students will learn that when they choose to violate a school/classroom standard, a consequence will result. Disruptive or disrespectful behavior will not be tolerated. Students are not to endanger themselves/others, continually disregard rules, or repeatedly interfere with others’ right to learn.

Ventura Unified School District believes in building the assets in our youth for academic, health, and social success. Positive Behavioral Support Plans may be as a tool for youth development.

D. Bully Prevention
District Policy
The Governing Board affirms the right of every student to attend a school that is safe and secure. The District's Policy on Bullying (Board Policy 5131.2 and Administrative Regulation 5131.2) can be accessed on the District's website at www.venturausd.org. Copies of the policy are also available at the school office.

All persons are to be treated with dignity and respect; therefore, the district, schools, students, parents/guardians and community have an obligation to promote mutual respect and safe, harmonious relations that support dignity and equality. To that end, the school district has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to address incidents of bullying and harassment when they occur.

These policies and procedures must be disseminated annually to staff, students, and parents/guardians.

The district will not tolerate bullying or any behavior that infringes on the safety or well-being of students, staff, or any other persons within the district's jurisdiction whether directed at an individual or group. This includes but is not limited to bullying or harassment based on race, color, creed, national origin, ethnicity, gender, gender identity, gender expression, language, perceived or actual sexual orientation, physical or mental disability, political or religious ideology, physical appearance, or economic status, or association with a person or group with one or more of these actual or perceived characteristics. This policy applies to all acts while on school grounds, at a school sponsored-activity, while traveling to and from school, on a school bus, during any activity related to school attendance.

Ventura Adult & Continuing Education
School administration and teaching staff at Ventura Adult & Continuing Education are qualified to recognize, manage, and respond to unacceptable behaviors to support a safe and respectful learning environment.

E. Hate Crime Reporting Procedures
Ventura Unified S.D. Board Policy 5145.9 (a) (b)
The Governing Board affirms the right of every student to be protected from hate-motivated behavior. It is the intent of the Board to promote harmonious relationships that enable students to gain a true understanding of the civil rights and social responsibilities of people in our society. Behavior or statements that degrade an individual on the basis of his/her race, ethnicity, culture, heritage, gender, sexual orientation, physical/mental attributes, religious beliefs, or practices shall not be tolerated.

F. Nondiscrimination/Harassment
(Pursuant to Education Code 234.1 and Ventura Unified S.D. Board Policy 5145.3)

Students
The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying of any student based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school. (Education Code 234.1)
Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, includes physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also shall include the creation of a hostile environment when the prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who files or otherwise participates in the filing or investigation of a complaint or report regarding an incident of discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion for behavior that is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

G. Suspension & Expulsion Policies

(Pursuant to Education Code §48900 and Ventura Unified School District Board Policy 5144.1)

The VUSD Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board has developed rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

Student Due Process
The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Codes 48911, 48915 and 48915.5)

Alternative to Suspensions/Options
To correct the behavior of any student who is subject to discipline, the Superintendent or designee shall, to the extent allowed by law, first use alternative disciplinary strategies specified in AR 5144 - Discipline. (Education Code 48900.5) Alternatives to suspension or expulsion also shall be used with students who are truant, tardy, or otherwise absent from assigned school activities. Except for single acts of a grave nature or offenses for which suspension or expulsion is required by law, suspension or expulsion shall be used only when other means of correction have failed to bring about proper conduct or the student's presence causes a continuing danger to himself/herself or others.

Required Parental Attendance
Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian (must be living with student) attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

Definitions
Suspension from school means removal of a student from ongoing instruction for adjustment purposes. Expulsion means removal of a student from the immediate supervision and control, or the general supervision, of school personnel. (Education Code 48925)
Parent Notification of Regulations
At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion. (Education Code 35291, 48900.1, 48980)

H. Search and Seizure
Ventura Unified S.D. Board Policy 5145.12

Students
The Governing Board is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. Therefore, as necessary to protect the health, safety and welfare of students and staff, school officials may search students, their property and/or district property under their control, and may seize illegal, unsafe and prohibited items. The Governing Board requires that discretion, good judgment and common sense be exercised in all cases of search and seizure.

The Superintendent or designee shall ensure that staff who conduct student searches receive training regarding the requirement of the district’s policy and administrative regulation and other legal issues, as appropriate.

Individual Searches
School officials may search individual students, their property and district property under their control, when there is a reasonable suspicion that the search will uncover evidence that the student is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but not limited to, lockers, desks, purses, backpacks, student vehicles parked on district property, cellular phones, or other electronic communication devices.

Any search of a student, his/her property, or district property under his/her control shall be limited in scope and designed to produce evidence related to the alleged violation. Factors to be considered by school officials when determining the scope of the search shall include the danger to the health or safety of students or staff, such as the possession of weapons, drugs, or other dangerous instruments, and whether the item(s) to be searched by school officials are reasonably related to the contraband to be found. In addition, school officials shall consider the intrusiveness of the search in light of the student’s age, gender, and the nature of the alleged violation.

Employees shall not conduct strip searches or body cavity searches of any student. (Education Code 49050)

Searches of individual students shall be conducted in the presence of at least two district employees.

The principal or designee shall notify the parent/guardian of a student subjected to an individualized search as soon as possible after the search. (cf. 5145.11 - Questioning and Apprehension)

Student Lockers/Desks
The principal or designee may conduct a general inspection of district property that is within the control of students, such as lockers and desks, on a regular, announced or unannounced basis, with students standing by their assigned lockers or desks. Any items contained in a locker or desk shall be considered to be the property of the student to whom the locker or desk was assigned. Students should not expect, nor shall they possess, any privacy interest in any district property (i.e. lockers, desks, etc.)

Because lockers and desks are under the joint control of the student and the district, school officials shall have the right and ability to open and inspect any school locker or desk without student permission or prior notice when they have reasonable suspicion that the search will uncover evidence of illegal possessions or activities or when odors, smoke, fire and/or other threats to health, welfare or safety emanate from the locker or desk.

Use of Drug/Contraband Detection Dogs
In an effort to keep the school site free of illegal contraband, the district may utilize the services of non-aggressive, trained detection dogs to sniff out and alert to substances prohibited by law or district policy. These inspections will be unannounced and will be made at the discretion of the Superintendent, site principal or administrative designee.

Unless there exists an objectively reasonable suspicion that a student possesses contraband, the dog will not be allowed to sniff the person of a student while on district property or at any district sponsored event, nor shall there be a search of any personal items on that student, absent consent. The dogs will not be used in classrooms or other district facilities when those areas are occupied by students. No student shall be forced to leave personal items behind for search without reasonable suspicion that a person possesses contraband. The dogs will be used to sniff
lockers, classrooms, common areas, desks, bags, and other personal items voluntarily left in rooms or other common areas, and containers or vehicles that are on district property or adjacent property.

Parents and guardians of district students shall be annually notified of the district’s use of drug/contraband detection dogs in the same manner as other notification required by Education Code section 48980. In addition, a letter will be sent to all affected student’s parent/guardian informing them of the use of drug/contraband detection dogs.

Vehicle Searches
All vehicles parked on any district property shall be subject to comprehensive searches to the maximum extent permitted by law. The administration is directed to post appropriate notices and take all other actions necessary to allow authorized searches of vehicles. (cf. 5131.6 - Alcohol and Other Drugs)

I. Schoolwide Dress Code Prohibiting Gang Related Apparel

Education Code 35294.2 (f)
Gang-related apparel is defined as apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus.

Ventura Unified S.D. Board Policy 5132 (a)
The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school’s activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval.

Ventura Unified S.D. Administrative Regulation 5132 (b)
Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

Ventura Unified S.D. Administrative Regulation 5132 (a) and Education Code 35183.5
Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day.

Ventura Unified S.D. Administrative Regulation 5136 (a)
In order to discourage the influence of gangs, school staff shall take the following measures:

- Any student displaying behavior, gestures, apparel, or paraphernalia indicative of gang affiliation shall be referred to the principal or designee.
- The student’s parent/guardian shall be contacted and may be asked to meet with school staff if applicable.
- The student may be sent home to change clothes.
J. Accident Reporting and Investigation

Injury to staff or student: Contact office immediately. Use your best judgment for degree of injury or sickness. If needed, call 911 for paramedics. Do not transport people yourself or administer medications; do no more than basic emergency first aid. Come to office and fill out report/claim forms. Secure a statement from the victim and, if possible, from witnesses. Please do not discuss liability. The school district does not carry accident insurance on students so that, in event of an injury, it is the financial responsibility of the student to seek and obtain medical treatment. The completed form should be sent to the VUSD Risk Management Department.

B. Pandemic Influenza

**PANDEMIC FLU**

**PANDEMIC INFLUENZA**

Pandemic flu is a worldwide outbreak of disease that occurs when a new flu virus appears that can spread from person to person. Because people have not been exposed to the new virus they have little or no immunity.

Therefore, serious illness or death is more likely to result. The illness rates for both seasonal and pandemic flu are high among children.

Because schools are the most densely populated environments in society, they are likely to contribute significantly to the containment or to the spread of flu in the community. Therefore, school closures may result as a means of reducing the overall illness rates within communities.

**GOAL**

Plan and increase preparedness for the possibility of an influenza pandemic.

**Stages of Preparation include planning for:**

- Mitigation and Prevention - anticipating needs
- Preparedness - planning what to do and how to do it
- Response - implementing your plan
- Recovery - what to do to return to normal

**Principal/Designee**

- Review instructions for staff and students
- Implement prevention policies and procedures including:
  - Posting of health education materials more frequently
  - Education of staff/students on how to cover coughs and sneezes
  - Education of staff/students on frequent hand washing
  - Use of waterless hand sanitizers and wipes
- Develop platoon system for rotation of staff, and identify a priority list for staff release.
- Plan for possible use of facility by Public Health Officials.

**All Personnel**

Basic elements required for pandemic influenza preparedness:

Any staff member can be designated to serve as Civil Service Worker

- Each employee will be assigned priority for serving as a Civil Service Worker depending on the need.
- The platoon system for rotation purposes will be implemented and a general plan made for systematic dismissal of staff.
- Students will be dismissed according to standard student release procedures as outlined for any emergency.
- “All Call” system will communicate with parents and staff as needed.

What actions are being taken?
Security measures, emotional issues, correspondence.

A written correspondence will be sent home sharing pertinent and resource information.”

What can the parent/community member do to help?
Immediate and long term.
e.g. “As per the request of the family, monetary donations can be sent to defray the cost of the funeral. If you wish for your son/daughter to attend the funeral, parents/guardians are expected to attend with their child.

If victim is hospitalized, respect hospital visitation hours and respect the privacy of the family.

Be observant of your child’s feelings and listen to them. If you have concerns about how your child is coping, seek support from family members, clergy, doctor, or contact the school site support staff.”

Ventura Unified School District has adopted the following board policies and administrative regulations to provide guidance and procedures for students, staff, and parents in an effort to provide a safe and orderly environment during regular school hours and during the event of an emergency. Legal citations and references may be found by viewing the original board policies. Please visit the district’s website at www.venturausd.org to access full versions of board policies and administrative regulations referred to herein.

1. Bomb Threats – BP 3516.2
   
   In the event of a bomb threat, the Governing Board wishes to keep the actual risk to students, staff and facilities at the lowest reasonable level.
   
   The Superintendent or designee is directed to develop procedures for minimizing risk, in cooperation with fire, safety and law enforcement agencies in this district. In particular, the Board wishes to have any needed search carried out by the Police, Sheriff or Fire Departments, who are trained for such searches, rather than by school staff.
   
   The principal shall not give a signal for students and staff to return to the building until the person in charge of the search team is satisfied that the threat no longer exists and the principal agrees.
   
   Students should be advised of the consequences of making a bomb threat, of actually placing an explosive device in or about a school or public facility, and of actually discharging such explosive device.

2. Bullying - BP 3151.2
   
   The Governing Board affirms the right of every student to attend a school that is safe and secure.
   
   All persons are to be treated with dignity and respect; therefore, the district, schools, students, parents/guardians and community have an obligation to promote mutual respect and safe, harmonious relations that support dignity and equality. To that end, the school district has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to address incidents of bullying and harassment when they occur.
   
   These policies and procedures must be disseminated annually to staff, students, and parents/guardians.
   
   The district will not tolerate bullying or any behavior that infringes on the safety or well-being of students, staff, or any other persons within the district's jurisdiction whether directed at an individual or group. This includes but is not limited to bullying or harassment based on race, color, creed, national origin, ethnicity, gender, gender identity, gender expression, language, perceived or actual sexual orientation, physical or mental disability, political or religious ideology, physical appearance, or economic status, or association with a person or group with one or more of these actual or perceived characteristics. This policy applies to all acts while on school grounds, at a school sponsored-activity, while traveling to and from school, on a school bus, during any activity related to school attendance.
   
   Definition
   
   Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, as defined, including, but not limited to, sexual harassment, hate violence, or harassment, threats, or intimidation while on school grounds, at a school sponsored-activity, while traveling to and from school, on a school bus, during any activity related to school attendance that typically has the effect or can reasonably be predicted to have the effect of placing a reasonable pupil, as defined, in fear or harm to that pupil's or those pupil's person or property, causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health causing a reasonable pupil to experience substantial interference with his or her academic performance, or causing a reasonable pupil to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by a school.
   
   The electronic act is defined as the transmission of a communication, including, but necessarily limited to, a message, text, sound, or image, or a post on a social network Internet Web site, by means of an electronic
device, including, but not necessarily limited to, a telephone, wireless telephone or other wireless communication
device, computer, or pager, of a communication, including, but not limited to, any of the following:

(i) A message, text, sound, or image.
(ii) A post on a social network Internet Web site including, but not limited to:

   a. Posting to or creating a burn page. "Burn page" means an Internet Web site created for the purpose of
      having one or more of the effects listed above
   b. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the
      effects listed above. "Credible impersonation" means to knowingly and without consent impersonate a
      pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has
      reasonably believed, that the pupil was or is the pupil who was impersonated.
   c. Creating a false profile for the purpose of having one or more of the effects listed above. "False profile"
      means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other
      than the pupil who created the false profile.

"Reasonable pupil" is defined as a pupil, including, but not limited to, an exceptional needs pupil, who exercises
   care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her
   exceptional needs. (Education Code 48900(r))

The Board recognizes that some acts of bullying may be isolated and/or unintentional incidents requiring that the
   school respond appropriately to the individuals committing the acts. Other acts may indicate a larger pattern of
   bullying that require a response either at the classroom, school site, or district levels or by law enforcement
   officials. Consequences and appropriate remedial actions for a student who commits an act of bullying may
   range from behavioral intervention and education up to and including suspension or expulsion.

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to
   cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may
   include suspension or expulsion, in accordance with district policies and regulations.

In addition to the grounds specified in Education Code sections 48900, sections 48900.2, 48900.3, and 48900.4
   provide additional authority to discipline a pupil in any of grades 4 to 12, inclusive for conduct that amounts to
   bullying. (Education Code 48900, 48900.2, 48900.3 and 48900.4)

Reporting Violations of this Policy
The principal or principal’s designee at each school shall be responsible for receiving complaints alleging
   violations of this policy. All staff is expected to provide appropriate supervision to enforce standards of conduct
   and, if they observe or become aware of bullying or harassing behavior, to immediately intervene, call for
   assistance, and report such incidents. The Board requires that staff follow district and school procedures for
   reporting alleged acts of bullying.

All other members of the school community, including students, parents/guardians, volunteers, and visitors, are
   encouraged to report any act that may be a violation of this policy. While submission of the report form is not
   required, the reporting party is encouraged to use the report form available from the principal of each school or at
   the district office. Oral reports shall also be considered official reports. Reports may be made anonymously, but
   formal disciplinary action may not be based solely on an anonymous report. Prompt and reasonable investigation
   of alleged acts of bullying is expected.

Students are expected to report all incidents of bullying, teasing, or other verbal or physical abuse. Any student
   who feels she/he is a victim of such behavior should immediately contact a teacher, counselor, principal, or staff
   person. If the student who was bullied believes the situation has not been remedied, she/he may file a complaint
   in accordance with district procedures. Students are to be informed annually of the process by which they may
   report bullying or harassment.

Retaliation is Prohibited
Retaliation against a student because the student has filed a bullying complaint or assisted or participated in a
   bullying or harassment investigation or proceeding is also prohibited.

Students who knowingly file false bullying or harassment complaints or give false statements in an investigation
   shall be subject to discipline by measures up to and including suspension and expulsion, as shall any student
   who is found to have retaliated against another in violation of this policy.
Confidentiality
An allegation of bullying and the results of the investigation shall be kept confidential to the extent reasonably possible.

11. Discipline – BP 5144

The Governing Board desires to provide a safe, supportive, and positive school environment conducive to student learning and to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. (Education Code 48900.5)

Board policies and administrative regulations shall outline acceptable student conduct and provide the basis for sound disciplinary practices.

When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health and opportunity to learn.

The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying targeted at any student based by anyone, based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

(Education Code 48900 (r)(1)(2)(s), 48900.2, 48900.3, 48900.4)

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. He/she shall report his/her findings and recommendations to the Board after each review.

The notice shall inform students and parents/guardians that they may request to meet with the compliance officer to determine how best to accommodate or resolve concerns that may arise from the district's implementation of its nondiscrimination policies. The notice shall also inform all students and parents/guardians that, to the extent possible, the district will address any individual student's interests and concerns in private.

5. The Superintendent or designee shall ensure that all students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.

   If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district's policy, regulation, forms, and notices concerning nondiscrimination shall be translated into that language in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

Provide to students, employees, volunteers, and parents/guardians age-appropriate training and information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information shall include details of guidelines the district may use to provide a discrimination-free environment for all district students, including transgender and gender-nonconforming students.

7. At the beginning of each school year, inform school employees that any employee who witnesses any act of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, against a student is required to intervene if it is safe to do so. (Education Code 234.1)

8. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students' privacy rights and ensure their safety from threatened or potentially discriminatory behavior.

**Process for Initiating and Responding to Complaints**

Any student who feels that he/she has been subjected to unlawful discrimination described above or in district policy is strongly encouraged to immediately contact the compliance officer, principal, or any other staff member.
In addition, any student who observes any such incident is strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Once notified verbally or in writing, the principal or compliance officer shall begin the investigation and shall implement immediate measures necessary to stop the discrimination and ensure that all students have access to the educational program and a safe school environment. Any interim measures adopted to address unlawful discrimination shall, to the extent possible, not disadvantage the complainant or a student who is the victim of the alleged unlawful discrimination.

Any report or complaint alleging unlawful discrimination by the principal, compliance officer, or any other person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with the Superintendent or designee who shall determine how the complaint will be investigated.

Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense of his/her gender, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity is different from the gender he/she was assigned sex at birth.

Regardless of whether they are sexual in nature, acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited. Examples of types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity
2. Disciplining or disparaging a transgender student or excluding him/her from participating in activities for behavior or appearance that is consistent with his/her gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student's entry to the bathroom that corresponds to his/her gender identity
4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information, without the student's consent
6. Use of gender-specific slurs
7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students. Examples of bases for complaints...
include, but are not limited to, the above list as well as improper rejection by the district of a student's asserted
gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure
of a student's transgender status, discriminatory enforcement of a dress code, and other instances of gender-
based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and
protections provided to all students by law and Board policy, the district shall address each situation on a case-
by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is his/her private information and
the district shall only disclose the information to others with the student's prior written consent, except when the
disclosure is otherwise required by law or when the district has compelling evidence that disclosure is
necessary to preserve the student's physical or mental well-being. In the latter instance, the district shall limit
disclosure to individuals reasonably believed to be able to protect the student's well-being. In any case, the
district shall only allow disclosure of a student's personally identifiable information to employees with a
legitimate educational interest as determined by the district pursuant to 34 CFR 99.31. Any district employee
to whom a student's transgender or gender-nonconforming status is disclosed shall keep the student's
information confidential.

When disclosure of a student's gender identity is made to a district employee by a student, the employee
shall seek the student's permission to notify the compliance officer. If the student refuses to give permission,
the employee shall keep the student's information confidential, unless he/she is required to disclose or report the
student's information pursuant to this administrative regulation and shall inform the student that honoring the
student's request may limit the district's ability to meet the student's needs related to his/her status as a
transgender or gender-nonconforming student. If the student permits the employee to notify the compliance
officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any
need to disclose the student's transgender or gender-nonconformity status to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support
services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. Determining a Student's Gender Identity: The compliance officer shall accept the student's assertion of
his/her gender identity and begin to treat the student consistent with his/her gender identity unless district
personnel present a credible and supportable basis for believing that the student's assertion is for an
improper purpose.

3. Addressing a Student's Transition Needs: The compliance officer shall arrange a meeting with the student
and, if appropriate, his/her parents/guardians to identify and develop strategies for ensuring that the
student's access to education programs and activities is maintained. The meeting shall discuss the
transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the
rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site
employee(s) to whom the student may report any problem related to his/her status as a transgender or
gender-nonconforming individual, so that prompt action could be taken to address it. Alternatively, if
appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. Accessibility to Sex-Segregated Facilities, Programs, and Activities: When the district maintains sex-
segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities,
such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be
entitled to access facilities and participate in programs and activities consistent with their gender identity.
To address any student's privacy concerns in using sex-segregated facilities, the district shall offer options
such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in
the locker room separated by a curtain or screen, access to a staff member's office, or use of the locker
room before or after the other students. However, the district shall not require a student to utilize these
options because he/she is transgender or gender-nonconforming. In addition, a student shall be permitted to
participate in accordance with his/her gender identity in other circumstances where students are separated
by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in
a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable
any other eligibility rule established for participation in the activity.
5. Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed pursuant to a court order. However, at the written request of a student or, if appropriate, his/her parents/guardians, the district shall use the student's preferred name and pronouns consistent with his/her gender identity on all other district-related documents.

6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her gender identity, without the necessity of a court order or a change to his/her official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.

Regulation VENTURA UNIFIED SCHOOL DISTRICT
Approved: January 23, 2018 Ventura, California

23. Notification of Dangerous Pupils – BP 4158, 4258, 4358

Employees shall promptly report to the principal or other immediate supervisor any attack, assault, or physical threat made against them by a student. Both the employee and the principal or other immediate supervisor shall promptly report such instances to the appropriate local law enforcement agency. (Education Code 44014)

In addition, employees shall promptly report to the principal or supervisor, and may report to law enforcement, any attack, assault, or threat made against them on school grounds by any other individual. Reports of attack, assault, or threat shall be forwarded immediately to the Superintendent or designee. An employee whose person or property is injured or damaged by willful misconduct of a student may ask the district to pursue legal action against the student or the student's parent/guardian. (Education Code 48905)

Notice Regarding Student Offenses Committed While Under School Jurisdiction
The Superintendent or designee shall inform the teacher(s) of each student who has engaged in, or is reasonably suspected of, any act during the previous three school years which could constitute grounds for suspension or expulsion under Education Code 48900, with the exception of the possession or use of tobacco products, or Education Code 48900.2, 48900.3, 48900.4, or 48900.7. This information shall be based upon district records maintained in the ordinary course of business or records received from a law enforcement agency. (Education Code 49079)

Upon receiving a transfer student's record regarding acts committed by the student that resulted in his/her suspension or expulsion, the Superintendent or designee shall inform the student's teacher(s) that the student was suspended or expelled from his/her former district and of the act that resulted in the suspension or expulsion. (Education Code 48201)

Information received by teacher(s) shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher. (Education Code 49079)

When informed by the court that a minor student has been found by a court to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Penal Code 290, assault or battery, larceny, vandalism, or graffiti, the Superintendent or designee shall so inform the school principal. (Welfare and Institutions Code 827)

The principal shall disseminate this information to any counselor who directly supervises or reports on the student's behavior or progress. The principal also may inform any teacher or administrator he/she thinks may need the information so as to work with the student appropriately, avoid being needlessly vulnerable, or protect others from vulnerability. (Welfare and Institutions Code 827)

Any court-initiated information that a teacher, counselor, or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff. The information shall be further disseminated only when communication with the student, parent/guardian, law enforcement staff, and probation officer is necessary to rehabilitate the student or to protect students and staff. (Welfare and Institutions Code 827)

When a student is removed from school as a result of his/her offense, the Superintendent shall hold the court's information in a separate confidential file until the student is returned to the district. If the student is returned to a
different district, the Superintendent shall transmit the information provided by the student's parole or probation officer to the superintendent of the new district of attendance. (Welfare and Institutions Code 827)

Any confidential file of court-initiated information shall be kept until the student becomes 18, graduates from high school, or is released from juvenile court jurisdiction, whichever occurs first, and shall then be destroyed. (Welfare and Institutions Code 827)

**Procedures to Maintain Confidentiality of Student Offenses**

In order to maintain confidentiality when providing information about student offenses to counselors and teachers of classes/programs to which a student is assigned, the principal or designee shall send the staff member a written notification that one of his/her students has committed an offense that requires his/her review of a student's file in the school office. This notice shall not name or otherwise identify the student. The staff member shall be asked to initial the notification and return it to the principal or designee.

The staff member shall also initial the student's file when reviewing it in the school office. Once the district has made a good faith effort to comply with the notification requirement of Education Code 49079 and Welfare and Institutions Code 827, an employee’s failure to review the file constitutes district compliance with the requirement to provide notice to the teacher.

**Use of Pepper Spray**

Employees who possess pepper spray on school property shall be notified of the following conditions:

1. The pepper spray shall be used only in self-defense.
2. An employee who uses pepper spray other than in self-defense shall be subject to disciplinary action by the district and, in accordance with law, a fine and/or imprisonment.
3. Employees shall ensure that the pepper spray is stored in a secure place and not accessible to students or other individuals. An employee who is negligent in the storage of pepper spray may be subject to disciplinary action.

Employees wishing to carry pepper spray on school property or to a school-related activity shall submit to the Superintendent or designee a written request setting forth the need for the pepper spray. Should the Superintendent or designee determine that the employee may not carry pepper spray, the employee shall receive a written statement of the reason for this determination.

**Policy VENTURA UNIFIED SCHOOL DISTRICT**

The Superintendent or designee shall initiate legal and security measures to protect the employee and others in the workplace. The Superintendent or designee shall ensure that employees are trained in crisis prevention and intervention techniques in order to protect themselves and students. Staff development may include training in classroom management, effective communication techniques, and crisis resolution.

The Superintendent or designee also shall ensure that employees are informed, in accordance with law, of crimes and offenses committed by students who may pose a danger in the classroom.

The Superintendent or designee may make available at appropriate locations, including, but not limited to, district and school offices, gyms, and classrooms, communication devices that would enable two-way communication with law enforcement and others when emergencies occur.

The employee shall use his/her own judgment as to the potential danger involved and, based upon this analysis, shall do one of the following:

1. Confiscate the object and deliver it to the principal immediately
2. Immediately notify the principal, who shall take appropriate action
3. Immediately call 911 and the principal

When informing the principal about the possession or seizure of a weapon or dangerous device, the employee shall report the name(s) of persons involved, witnesses, location, and the circumstances of any seizure.

Policy VENTURA UNIFIED SCHOOL DISTRICT

25. School Safety and Security - BP 3515
The Governing Board is fully committed to preventing violence and crime on school grounds. The Superintendent and staff shall strictly enforce all Board policies related to crime, campus disturbances, campus intruders, student safety, student conduct and student discipline.

The Superintendent or designee shall establish procedures for securing records and funds and for protecting buildings against vandalism and burglary during nonbusiness hours. The Superintendent or designee also shall investigate ways that school grounds can be made more secure.

The Superintendent or designee shall arrange for law enforcement authorities or school security staff to regularly monitor security around the perimeter of all district schools to prevent outsiders from entering school grounds.

The principal of each school shall ensure that his/her school has a comprehensive school safety plan which includes strategies for preventing crime and violence on school premises. The Board encourages principals to solicit the participation of local law enforcement agencies, staff, parents/guardians and students in the development of these plans.

Surveillance Systems
The Board believes that reasonable use of surveillance cameras will help the district achieve its goals for safe, healthy and high performing schools. In consultation with the safety planning committee and relevant staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

The Superintendent or designee shall ensure that signs are posted at conspicuous locations at affected school buildings and grounds. These signs shall inform students, staff, and visitors that surveillance may occur. The Superintendent or designee shall also provide written notice to students and parents/guardians about the district's surveillance system, including the locations where surveillance may occur, explaining that the recordings may be used in disciplinary proceedings, and that matters captured by the camera may be referred to local law enforcement, as appropriate.

To the extent that any images from the district's surveillance system create a student or personnel record, the Superintendent or designee shall ensure that the images are accessed, retained, and disclosed in accordance with law, Board policy, administrative regulation, and any applicable collective bargaining agreements.

Policy VENTURA UNIFIED SCHOOL DISTRICT

Keys

All keys used in a school shall be the responsibility of the principal. Keys shall be issued only to those employees who regularly need a key in order to carry out normal activities of their position.

Each principal shall set up a record keeping system so as to know at all times the location of all keys. The master key shall not be loaned.

Employees who have keys shall be responsible for the security of the room, gate or building involved. They shall lock all doors and windows and turn off all lights, air conditioning, heat, appliances etc. when leaving the room or building.

The duplication of school keys is prohibited. The person issued a key shall be responsible for its safekeeping. If a key is lost, the person responsible shall report the loss to the principal immediately and shall pay for a duplicate key. Duplicate keys may be obtained only through the district business office.

Keys shall be used only by authorized employees and shall never be loaned to students.

School Ground Security

The principal may appoint a security advisory committee composed of parents/guardians, students and staff. This committee shall examine the school's degree of security and existing site procedures for emergencies in order to recommend measures by which security may be enhanced and site procedures expanded or improved.

Regulation

VENTURA UNIFIED SCHOOL DISTRICT
Approved: October 27, 1992 Ventura, California

27. School Safety - BP 5131.4

Governing Board recognizes that all school staff must be prepared to cope with campus disturbances and to minimize the risks they entail. Staff should be especially sensitive to conditions that foster racial conflict, student protests, or gang intimidation and confrontations.

The Superintendent or designee shall establish at each school a safe school plan for curbing disruptions which create disorder and may lead to riots, violence or vandalism at school or school-sponsored events.

The Superintendent or designee shall consult with law enforcement authorities to plan for police support during school disruptions. Each school's disturbance response plan shall address the role of law enforcement. When a disturbance directly threatens students or staff, the Superintendent or designee has the authority to call in law enforcement personnel for assistance and may dismiss school.

Students who participate in disturbances may be subject to disciplinary action.

1. Teachers shall ensure that all students in their charge remain in one location under their supervision.
2. Teachers shall ask any students who are in the halls to return to their classes at once.

Prohibited Activities
1. Disturbing the Peace
   It is a misdemeanor to intentionally cause or attempt to cause a riot by engaging in conduct which urges a riot or urges others to act forcefully or violently, or to burn or destroy property under circumstances which produce a clear, present, and immediate danger of such acts occurring. (Penal Code 404.6)

   Anyone who, in a public place, fights, challenges another to fight, or uses offensive words likely to provoke a fight is guilty of a misdemeanor. (Penal Code 415)

2. Disruption of School Operations
   Students shall be subject to disciplinary action for any exercise of free expression which so incites students as to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or the substantial disruption of the orderly operation of the school, such as may occur when students:
   a. Organize or participate in unauthorized assemblies on school premises.
   b. Participate in sit-ins or stand-ins which deny students or employees normal access to school premises.

3. Refusal to Disperse
   Persons who assemble for the purpose of disturbing the public peace or committing any unlawful act are severally guilty of a misdemeanor if they do not disperse when desired or commanded to do so by a public officer. (Penal Code 416)

1. Hazing. Students are not to be permitted to haze, conspire to haze, or commit any act that tends to injure, degrade, or disgrace another student.
2. Fighting. The principal may suspend or recommend for longer suspension or expulsion students who engage in fighting. The act of suspension may be taken in order to allow differences to dissipate, discourage reprisals by spectators or friends of the participants, and reduce the possibility of continuation or renewal of the disagreement.
3. Threatening. Students are to be prohibited from threatening or causing physical injury to another person.
4. Leaving without permission. Except as provided in high school lunch period and work experience regulations, no student shall be permitted to leave school before the regular hour of closing, except in case of emergency or with the permission of the principal.

Regulation VENTURA UNIFIED SCHOOL DISTRICT
Approved: October 27, 1992 Ventura, California

29. Search and Seizure – BP 5145.12

Students
The Governing Board is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. Therefore, as necessary to protect the health, safety and welfare of students and staff, school officials may search students, their property and/or district property under their control, and may seize illegal, unsafe and prohibited items. The Governing Board requires that discretion, good judgment and common sense be exercised in all cases of search and seizure.

The Superintendent or designee shall ensure that staff who conduct student searches receive training regarding the requirement of the district’s policy and administrative regulation and other legal issues, as appropriate.

Individual Searches
School officials may search individual students, their property and district property under their control, when there is a reasonable suspicion that the search will uncover evidence that the student is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but not limited to, lockers, desks, purses, backpacks, student vehicles parked on district property, cellular phones, or other electronic communication devices.

Any search of a student, his/her property, or district property under his/her control shall be limited in scope and designed to produce evidence related to the alleged violation. Factors to be considered by school officials when determining the scope of the search shall include the danger to the health or safety of students or staff, such as the possession of weapons, drugs, or other dangerous instruments, and whether the item(s) to be searched by school officials are reasonably related to the contraband to be found. In addition, school officials shall consider the intrusiveness of the search in light of the student’s age, gender, and the nature of the alleged violation.

Employees shall not conduct strip searches or body cavity searches of any student. (Education Code 49050)

Searches of individual students shall be conducted in the presence of at least two district employees.

The principal or designee shall notify the parent/guardian of a student subjected to an individualized search as soon as possible after the search. (cf. 5145.11 - Questioning and Apprehension)

Student Lockers/Desks
The principal or designee may conduct a general inspection of district property that is within the control of students, such as lockers and desks, on a regular, announced or unannounced basis, with students standing by their assigned lockers or desks. Any items contained in a locker or desk shall be considered to be the property of the student to whom the locker or desk was assigned. Students should not expect, nor shall they possess, any privacy interest in any district property (i.e. lockers, desks, etc.)

Because lockers and desks are under the joint control of the student and the district, school officials shall have the right and ability to open and inspect any school locker or desk without student permission or prior notice when they have reasonable suspicion that the search will uncover evidence of illegal possessions or activities or when odors, smoke, fire and/or other threats to health, welfare or safety emanate from the locker or desk.

Use of Drug/Contraband Detection Dogs
In an effort to keep the school site free of illegal contraband, the district may utilize the services of non-aggressive, trained detection dogs to sniff out and alert to substances prohibited by law or district policy. These
inspections will be unannounced and will be made at the discretion of the Superintendent, site principal or administrative designee.

Unless there exists an objectively reasonable suspicion that a student possesses contraband, the dog will not be allowed to sniff the person of a student while on district property or at any district sponsored event, nor shall there be a search of any personal items on that student, absent consent. The dogs will not be used in classrooms or other district facilities when those areas are occupied by students. No student shall be forced to leave personal items behind for search without reasonable suspicion that a person possesses contraband. The dogs will be used to sniff lockers, classrooms, common areas, desks, bags, and other personal items voluntarily left in rooms or other common areas, and containers or vehicles that are on district property or adjacent property.

Parents and guardians of district students shall be annually notified of the district’s use of drug/contraband detection dogs in the same manner as other notification required by Education Code section 48980. In addition, a letter will be sent to all affected student’s parent/guardian informing them of the use of drug/contraband detection dogs.

**Vehicle Searches**

All vehicles parked on any district property shall be subject to comprehensive searches to the maximum extent permitted by law. The administration is directed to post appropriate notices and take all other actions necessary to allow authorized searches of vehicles. (cf. 5131.6 - Alcohol and Other Drugs)

**Policy VENTURA UNIFIED SCHOOL DISTRICT**

Adopted: July 24, 2012 Ventura, California  
Revised: December 9, 2014

30. Search and Seizure – AR 5145.12

**Individual Searches**

In determining whether reasonable suspicion exists, school officials shall consider, but not be limited to, the following:

1. The student's age and previous behavior patterns.  
2. The prevalence and seriousness in the school of the problem to which the search was directed.  
3. The urgency requiring the search without delay.  
4. The substantive value and reliability of the information used as a justification for the search.  
5. The location of the student at the time of the incident which gave rise to reasonable suspicion.

When reasonable suspicion is established, the staff member should immediately contact the administrator in charge and direct the student to an office or separate area from other students. The student should remain under observation at all times until the search begins. At least two people should be present. The staff member should ask students to consent to producing the suspected contraband. Students should be directed to empty their pockets, purses, or back packs onto a table and to pull the pockets inside out to demonstrate that they are empty.

School employees should avoid physical contact with student if possible. If students refuse to provide the objects, school employees shall take possession of the purse or other object to examine the contents for contraband materials. If pat down of the outer clothing is determined to be necessary, it should be done by staff of the same gender as the student and must be done quickly with minimal contact. The employee should check the areas around the belt and interior pockets, looking for concealed weapons, drugs, or other contraband. Employees will not conduct strip searches or body cavity searches.

If the student is combative and refuses to cooperate, district personnel should discontinue the attempted search and, depending upon the circumstances, contact law enforcement for appropriate response.

**Locker/Desk Searches**

Because student lockers and desks are district property, jointly controlled by the district, school officials shall have the right and ability to open and inspect any student locker and/or desk on a regular, announced or unannounced basis with the student standing by their assigned locker or desk. School officials shall also have the right and ability to open and search any school locker and/or desk without student consent when they have reasonable suspicion the search will uncover evidence that the student is violating the law, Board policy, administrative regulation, or other rules of the district or school.
Whenever lockers and/or desks are searched:
1. The search should be conducted by the principal, assistant principal or other designated administrator;
2. The student(s), if possible, should be forewarned and asked to be present;
3. The administrator should be accompanied by a witness.

Use of Drug/Contraband Detection Dogs
1. Detection dogs may be used to detect the presence of contraband (i.e. drugs, alcohol, weapons, explosives, etc.) in communal areas, vacant rooms, lockers and parking lots (automobiles) by random search without reasonable suspicion. Detection dogs shall not be used in classrooms or other facilities when occupied by district students, and shall not be used to search students, or student belongings in the possession of students, without reasonable suspicion or the student's consent.
2. Prior to employing the dog in a classroom or other facility, the principal or other designated administrator shall direct the students to vacate the room. Students will not be directed or otherwise compelled to leave their personal belongings behind without their consent. The students shall be directed to another supervised area.
3. Should a student attempt to exit the area with his/her personal belonging(s), the principal or other designated administrator shall not direct the student to leave the article(s) in the classroom or other facility. Failure to leave an article behind shall not constitute reasonable suspicion to search the article.
4. The dog and official handler will not enter the classroom or other facility until the immediate vicinity has been cleared of all students and staff as verified by the principal or other designated administrator. The principal or designee shall take all necessary and proper precautions to ensure that the dog and handler do not come within close proximity of students or other staff, or the belongings on or with those persons, while engaged in detection activities.
5. Only the dog's official handler will determine what constitutes an alert by the dog. If the dog alerts to a particular item or place, the person having custody or control of the item or place shall be called to the scene to witness the search. The search shall be conducted in accordance with district policy and applicable legal standards.
6. If the dog alerts to a locked vehicle, the owner or person having custody and control of the vehicle shall be asked to unlock the vehicle for inspection by the dog and handler. Refusal to open the vehicle will result in referring the matter to the appropriate law enforcement official and the imposition of disciplinary action for willful defiance of authority.
7. Discovery of a prohibited substance or item may result in referral to law enforcement and appropriate imposition of disciplinary action.

Vehicle Searches
All vehicles driven or parked on district premises shall be subject to a search by district representatives or law enforcement personnel for any reason at any time. Any person driving or parking any vehicle on district property shall be deemed to have consented to a search of his/her vehicle and all of its compartments and contents. Notice of this regulation shall be given by placing appropriate signs at all access points on district parking lots. The administration shall also maintain a written statement of these conditions in the district office and at all school sites.

Searches in Criminal Investigations
If a search of a student is initiated by a peace officer to gather evidence for a criminal investigation, a warrant is normally required and the search must be conducted by the officer. In such circumstances, district staff will defer to the judgment and direction of the peace officer.

Discovery of Weapons (or Other Contraband)
1. When an individual is found to be in possession of contraband, the administrator in charge and/or a peace officer shall immediately be called to the scene.
2. If the contraband is not allowed by law, the peace officer should take custody of the objects and the subject.
3. If the contraband is not illegal but is prohibited by the Education Code or district policy, the site administrator should take custody of the objects and take appropriate administrative action with the student.
4. All property removed from the individual or an individual's locker or vehicle which is not prohibited by law or district policy will be returned to the individual or his or her parent/guardian upon completion of the search.

Notifications
At the beginning of each school year and upon enrollment the Superintendent or designee shall inform students and parents/guardians about the district’s policies and procedures for searches, including notice regarding:
1. The possibility of random searches of students, their belongings, their vehicles parked on district property, and district properties under a student’s control, including lockers and desks.
2. The district’s drug/contraband dog detection program.

5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district’s procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

Complaint Process and Disciplinary Actions
Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. 4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any district program or activity

Examples of types of conduct which are prohibited in the district and which may constitute sexual harassment include, but are not limited to:

Any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities will be regarded as sexual harassment in violation of district policy if it has a continuing effect on or creates a hostile school environment for the complainant or victim of the conduct.

**Reporting Process and Complaint Investigation and Resolution**

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If he/she determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or compliance officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.

If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee who shall determine who will investigate the complaint.

**Confidentiality**

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

**Response Pending Investigation**

When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. To the extent possible, such interim measures shall not disadvantage the complainant or victim of the alleged harassment. Interim measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a
different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

The Governing Board desires to provide district students access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion.

To correct the behavior of any student who is subject to discipline, the Superintendent or designee shall, to the extent allowed by law, first use alternative disciplinary strategies specified in AR 5144 - Discipline. (Education Code 48900.5)

Alternatives to suspension or expulsion also shall be used with students who are truant, tardy, or otherwise absent from assigned school activities.

Except for single acts of a grave nature or offenses for which suspension or expulsion is required by law, suspension or expulsion shall be used only when other means of correction have failed to bring about proper conduct or the student's presence causes a continuing danger to himself/herself or others.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be those specified in law and administrative regulation. District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, and in accordance with the district's nondiscrimination policies.

Due Process
The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices and appeals as specified in administrative regulation and law. (Education Code 48911, 48915, 48915.5)

Required Parental Attendance
The Board believes that parental involvement plays an important role in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.
Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

The Board encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher also may inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student. (Education Code 48900.1)

Parental attendance may be requested on the day the student returns to class or within one week thereafter. The principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements.

**Supervised Suspension Classroom**

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

**Decision Not to Enforce Expulsion Order**

On a case-by-case basis, the enforcement of an expulsion order may be suspended by the Board pursuant to the requirements of law and administrative regulation. (Education Code 48917)

**Monitoring the Use of Suspension and Expulsion**

At the end of each school year, the Superintendent or designee shall present a report to the Board regarding the use of suspension and/or expulsion in district schools. The report shall include, but is not limited to, outcome data which the district is required by law to collect and data related to the effect of suspension and/or expulsion on the district's minority student populations or groupings.

Removal from Class by a Teacher/Parental Attendance
A teacher may suspend any student from his/her class for the remainder of the day and the following day for any act listed in "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If the action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been removed. (Education Code 48910)

As soon as possible, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, if a student is assigned to more than one class per day, he/she may be placed in any other regular classes except those held at the same time as the class from which the student was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may require that the parent/guardian of a student whom the teacher has removed to attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

The notice shall specify that the attendance may be on either the date the student is scheduled to return to class or within one week thereafter.

This notice shall also:
1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date
2. State that if the parent/guardian does not have a means of transportation to school, he/she may ride the school bus with the student
3. Ask the parent/guardian to meet with the principal after the visit and before leaving school, as required by Education Code 48900.1
Suspension by Superintendent, Principal or Principal's Designee

The Superintendent, principal or principal's designee may suspend a student for any acts listed in "Grounds for Suspension and Expulsion" above. A student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

When other means of correcting a student's behavior are implemented prior to imposing suspension upon the student, including supervised suspension, the Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

However, the Superintendent, principal or designee may impose a suspension upon a first offense if he/she determines that the student violated any of items #1-5 listed in "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons (Education Code 48900.5)

In addition, the Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to be:

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence
2. Brandishing a knife, as defined in Education Code 48915(g), at another person
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery defined in Penal Code 243.45. Possession of an explosive as defined in 18 USC 921

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year, unless for purposes of adjustment the student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903)

Suspensions shall be initiated according to the following procedures:

1. Informal Conference: Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)
   This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists. An emergency situation involves a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. Administrative Actions: All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)
This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved and any other pertinent matter. (Education Code 48914)

Although the parent/guardian is required to respond without delay to a request for a conference about a student's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied readmission solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911)

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

In addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

Suspension by the Board
The Board may suspend a student for any of the acts listed in "Grounds for Suspension and Expulsion" above and within the limits specified in "Suspension by Superintendent, Principal or Principal's Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed in "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold closed sessions if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

Supervised Suspension Classroom
A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to a supervised suspension classroom in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. Each student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

**Authority to Expel**
A student may be expelled only by the Board. (Education Code 48918(j))

The Board shall expel, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion."

For all other grounds listed above under "Grounds for Suspension and Expulsion," the Board shall order a student expelled upon the recommendation of the Superintendent, principal, or designee, only if the Board makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

**Mandatory Recommendation for Expulsion**
Unless the Superintendent, principal, or designee determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife as defined in Education Code 48915(g), explosive, or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance, as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

**Mandatory Recommendation and Mandatory Expulsion**
The principal, Superintendent or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, or selling or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the firearm from a certificated school employee, with the principal or designee's concurrence

   However, possession of an imitation firearm, as defined in Education Code 48900(m), shall not be regarded as an offense requiring a mandatory recommendation for expulsion and mandatory expulsion.

2. Brandishing a knife as defined in Education Code 48915(g) at another person
4. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4
5. Possessing an explosive as defined in 18 USC 921
Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

**Student's Right to Expulsion Hearing**

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal or designee determines that the student has committed one of the acts listed under "Grounds for Suspension and Expulsion". (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

After a determination that one of the grounds listed above under "Grounds for Suspension and Expulsion" has occurred, the Superintendent, principal, or designee shall offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion. The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian.

**Rights of Complaining Witness**

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district’s suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present in the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

**Written Notice of the Expulsion Hearing**

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing.
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based.
3. A copy of district disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).
5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney advisor.

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Nonattorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses.

Additional Notice of Expulsion Hearing for Foster Youth
At least 10 days prior to a hearing to determine if a student who is a foster youth as defined under Education Code 48853.5 should be expelled for an offense not requiring a mandatory recommendation for expulsion, the Superintendent or designee shall notify the student's attorney and a representative of an appropriate county child welfare agency. If the hearing is pursuant to an offense requiring a mandatory expulsion recommendation, the Superintendent or designee may provide the same notification. The notice shall be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing
1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c))

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student shall also be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with the Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20 (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be
compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion" above (Education Code 48918(f)).

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when hearings involve allegations of sexual assault or sexual battery by a student: (Education Code 48918, 48918.5)

a. Any complaining witness shall be given five days' notice before being called to testify.

b. Any complaining witness shall be entitled to have up to two adult support persons, including but not limited to a parent/guardian or legal counsel, present during his/her testimony.

c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.

d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.

e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5.

f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nontaxing environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

(a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness

(b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours

(c) Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel
Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))
A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures as apply to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue its decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers and with the student's parent/guardian. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (Education Code 48917, 48918)

Final Action by the Board
Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for an act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during the summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review as well as assessment of the student at the time of review for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, and other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel
The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board of Education (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program. (Education Code 48917)
2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
3. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct. (Education Code 48917)
4. When the suspension of the enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)
7. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall also inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j)).

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion action is suspended and the student is placed on probation. (Education Code 48919)

The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board. The district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notifications to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance. In addition, law enforcement authorities shall be notified regarding any acts by students regarding the possession, sale, or furnishment of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering or sale of controlled substances, alcohol or intoxicants of any kind. (Education Code 48902)
Post-Expulsion Placements
The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site
3. Not housed at the school site attended by the student at the time of suspension

When the placement described above is not available, and when the County Superintendent so certifies, students expelled for acts described in items #6-13 and # 20-22 under "Grounds for Suspension and Expulsion" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school, or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073-49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by certified with return receipt or registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile school, or other such contact with the juvenile justice system. The principal or designee or school security officer may revoke an outsider's registration if he/she has a reasonable basis for concluding that the outsider's presence on school grounds would interfere or is interfering with the peaceful conduct of school activities or would disrupt or is disrupting the school, students or staff. Possession of Weapons
The Board prohibits any person other than authorized law enforcement or security personnel from possessing weapons, imitation firearms, or dangerous instruments of any kind in school buildings, on school grounds or buses, or at a school-related or school-sponsored activity away from school, or while going to or coming from school.

Upon express written permission of the principal or designee, a student may possess a firearm on school grounds when necessary for a school-sponsored activity or class as part of the educational program. A student's parent/guardian shall give written permission for such possession. However, a student granted permission to possess a firearm may be suspended and/or expelled if he/she uses the weapon inappropriately.

The Board encourages students to promptly report the presence of weapons, injurious objects or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

The Superintendent or designee shall develop strategies designed to facilitate student reporting of the presence of injurious objects on school grounds, such as tip hotlines, electronic transmissions, or other methods that preserve the student's anonymity. Incident reports and records shall not identify the student who reported the possession. The strategy shall also provide a method of informing staff, students and parents/guardians that students who report the presence of injurious objects on school campuses are to be protected and their identity shielded.
