

# Revit 3D Online & In-Person Classes

Autodesk  
Authorized Certification Center

## Ventura Adult and Continuing Education (VACE)

The **Revit 3D Design online and in-person** class will provide you with practical, hands-on experience working with the software. No previous knowledge of Revit is necessary. Intermediate and Advanced Revit users can continue to learn the software, picking up where they left off.

Students have the flexibility to learn at their own pace with a requirement of 30 hours (approximately three hours per week for ten weeks) and may choose to complete all assignments and quizzes online or to attend in-class sessions. Students will need access to a PC computer, Internet connection and have previous Windows experience. VACE will provide students with access to the Canvas Learning Website, which is necessary to download course materials and submit completed assignments. Enrollment in the course includes a FREE, one-year, fully licensed, student version of the Revit software directly from Autodesk, the software manufacturer.

### How to Register

Call the VACE Admissions Office at 805.289.1744 ext. 0

### Cost

\$125.00 session fee,  
\$10.00 annual registration fee
